WHEN.
We're inconsistent mortals;
The hizzards made us grim;
But we'll howl for ice and lemons
When the
Hot
Days
Come!

And in the bright hereafter
The stars will listen—dumb;
As we howl for tons of iceberg
When the
Hot
Days
Come!

A Scientific Discovery.
Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Laxative Bromo-Quinine Tablets

Embroideries!

Nainsooks, Cambriles, Swisses are the foundations. And they are fine—not uneven, not coarse, not loaded or sized with starch. These are matched sets, including full and demi-full flouncings, allover, edgings and insertings in all widths, headings, galloons and motifs that may be separated. There are delicate effects in tickings and French embroidery plain or combined with lace. There are elaborate designs in demi-flouncings for skirt ruffles and corset covers both in blind and open-work effects. St. Gall hand-run shuttles do all the work. Margins are wide, scallops are buttonholed and deep, strong and cut out. The same patterns running through several widths are appreciated by women of fastidious taste. Prices mean little apart from the goods. Come here and see what values you can get in edgings and insertings for 5c, 10c, 15c. In allover for 50c, 75c. In elaborate edgings, headings and insertings for 10c, 25c, 35c. In very fine allover for \$1, \$1.25, \$1.50.

ENGLISH PENANG, 12 1/2c.

A justly favored cotton goods long identified with this house and entirely controlled by us, continues to merit the palm of superiority. Any detail of a fabric so well known is unnecessary—we simply call your attention to our strong line of patterns for 1903 and that the dye has been so improved, even the most delicate colors are guaranteed fast.

DRESS GINGHAMS, 10c, 15c, 18c, 25c.

The popularity of gingham never wanes. Manufacturers count fashion by every means. Grades have been raised, goods are finer, colors prettier, designs more individual and striking. In style and quality, we are positively giving more for the money in gingham this season than ever.

White Counterpanes

Dozens of them at prices peculiarly ours. It's like paying out a dollar and getting a dollar and a half in exchange.
At \$1. The newest Bedspread, basket weave, eleven-quarter size, more than Marseilles heavy at less than Marseilles cost.

Good Towels—A Chance to Save.

Are you a thrifty woman? Then these towel offerings will appeal to you. But be quick, for such towels at the price do not linger long. Grass bleached hemmed huck towels, 23x38 inches, pure white or colored borders, 12 1/2c.

Stockings

FOR WOMEN.

It's a long time yet to the season of light weight in hosiery. Here is a stocking that ought to interest every woman with two feet. At 15c a pair. Winter weight cotton, black with unbleached feet & silk soles or all black, soles, heels and toes reinforced. Stockings dyed with a black that makes them stay black. There's importance in hosiery buying, as to how many profits you pay. For a long time we have reached past all middlemen and bought from the men who make hosiery. If we purchased in the ordinary way the stockings we describe today would be 20c instead of 15c.

D. HUNT & SON.

We Have Decided

That the easiest way to clear out winter stock is to act in season, dump all our best lines, slash prices and give our friends a chance to buy good, stylish footwear at a sacrifice of more than profits. We are carrying far too heavy a stock for the time of year and are going to name prices that will make room for spring purchases. Beginning today we place on sale:

MEN'S \$3.50, \$4 and \$4.50 SHOES at \$3.

LADIES' EXTRA FINE \$5 and \$6 SHOES at \$4.

In the lot are a few pairs of the NETTLETON ANTIDAMP SHOES that have been selling for \$6. To close out we have put the price on them at above figures—\$4.

WOMEN'S FINE \$3 and \$3.50 SHOES go at \$2.50.

All kinds of leathers—Enamel, Patent, Calf, Patent Kid, Box Calf, Velour and Vici Kid. Window display where all can see.

The Rev. Joseph B. Wilson, father of President Woodrow Wilson of Princeton University, and for thirty years Stated Clerk of the Southern Presbyterian Assembly, is dead.

A United States Marshal has taken charge of Fiegle & Sons' Bank at Jacksonville, Texas. The assets found consisted of ten cents and a number of notes, alleged to be forgeries.

It is reported that the National Association of Stationary Engineers has adopted, by a vote almost unanimous, an amendment to its constitution debaring Negroes from membership.

The Rev. Earl D. Sims has resigned as Pastor of the Baptist Church at Sulphur to become state Evangelist of Oregon. He returned from China about a year ago, where he was a Missionary for four years.

In Madison county, Tenn., Clara Ware, a mute from birth, died, aged nineteen. Just before death she called the family around her, and in perfectly natural tones bade them goodbye, saying she was going to the happier home beyond. These were the first words she had ever spoken.

Ex-Senator H. B. Cresap of Nevada, Mo., the oldest fireman in the United States, is dead.

Signor Marconi will be tendered a banquet at the Metropolitan Club in New York tonight.

River News

The ice is still holding in the Allegheny.

The Lizzie Bay for Pomeroy will be up tonight.

The ice has about cleared out of the river here.

The Queen City will pass up tonight for Pittsburgh.

Navigation has been fully resumed on the Ohio river.

The Henry M. Stanley will be down from Pomeroy tomorrow.

The rain at headwaters Tuesday made no impression on the rivers.

The big towboat Sprague appears to be "hooded," the latest report stating that she has cracked one of her cylinders and that she passed Vicksburg last Saturday en route to Louisville working only her pressure engines.

In the early seventies before the Louisville and Portland Canal was purchased by the Government it cost the owners of the John Gilmore \$1,800 or more for taking her three barges of pig iron through the canal, which was en route from St. Louis to Pittsburgh.

Thomas Donovan, engineer of the towboat George W. Moredock, had a hearing before the Pittsburgh inspectors of steam vessels regarding a charge brought by Edward Schneider, a dock overseer, who claimed Donovan had 230 pounds of steam pressure instead of 165, as limited by the Inspector.

C. Jutte & Co. have given to the American Ship Building Company, Jeffersonville, Ind., the contract for building a new towboat, a duplicate of the G. W. Thomas. The Chickasaw engines will be used in the boat. This will make a fleet of nine steamers owned by the company.

Captain J. Todd of Wellsville, O., says that steamers with a wider hull would draw less water and could be operated longer in the local rivers than the boats now running. He was owner and operator of the Montana in the Ohio river about thirty years ago. He also said that the sidewheel boats must give way to stern-wheelers.

Rivermen and operators of Pittsburgh expressed themselves as highly pleased with the order of the Secretary of War that the Union Bridge must be raised to seventy feet above pool level. It is scarcely ever that both the upper rivers are on a rampage at the same time, and with the raised bridge a harbor can be had in the Allegheny in case of a Monongahela flood and vice versa. The men think there is no doubt of an order for the raising of the Sixth Street Bridge.

LESSON IN AMERICAN HISTORY IN PUZZLE

GEN. WAYNE CAPTURES STONY POINT.
Find Negro Who Gave the Countersign.

The capture of Stony Point was one of the most brilliant exploits of the revolutionary war that occurred during the summer of 1779. Gen. Wayne (Mad Anthony) learned the countersign from a negro who had been selling fruit to the British, and with this succeeded in reaching the base of the hill undetected. With fixed bayonets and unladen muskets the Americans charged up the hill and into the fort, capturing everything before them. The British lost 600 troops in killed, wounded and prisoners. During the fight Gen. Wayne was wounded, but not mortally.

Take KODOL for Dyspepsia

Sour Stomach
Tired Stomach

Puffed Stomach
Nervous Stomach
Gas on Stomach
Catarrh of the Stomach
and all other
symptoms of
Indigestion

Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach. It is caused by indigestion.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. First comes slight indigestion, then repeated attacks of indigestion, and if something is not done the symptoms mentioned on the left follow in about the order named. Some of these symptoms may not be experienced, while heartburn, headache, constipation and many others may be, but chronic dyspepsia and finally Catarrh of the Stomach is certain to be the result if the proper treatment is not resorted to. KODOL relieves inflammation of the mucous membranes lining the stomach, protects the nerves, and enables the glands to secrete the natural juices of digestion. Its use enables the stomach and digestive organs to transform all of the wholesome food that may be eaten into the kind of rich, red blood that makes health, strength, tissue, brain, brawn and bone.

Douglasville, Ga., May 17, 1902.
I have been traveling for nearly two years and have suffered very badly from indigestion and dyspepsia. I tried several physicians and all kinds of patent medicines, but Kodol is the first and only remedy that has done me any good whatever; now I have only used two small bottles and to my surprise it has cured me sound and well.—B. W. WATKINS.

"Kodol Digests What You Eat"

Recent experiments, by practical tests and examination with the aid of the X-Ray, establish it as a fact that Catarrh of the Stomach is not a disease in itself, but that it is a condition resulting from repeated attacks of indigestion.
The stomach and alimentary canal, or digestive tract, is lined or coated with a mucous membrane. Sloughing the surface of this mucous membrane are the gastric glands. Here, also, are the terminal branches of the pneumogastric nerves, and many branches from the sympathetic system.

Bottles only, \$1.00. Size holding 2½ times the trial size, which sells for 50c.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiable contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder.

Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes:

"If women would pay more attention

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McEhee's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.
